Great Gifts from the Historical Society

From Camargo to Indian Hill, by Virginia White, traces the history of Indian Hill from its origins as a rural farmland community beginning in 1795 to its emergence as a residential village for prominent Cincinnatians in the 1920's.

Treasured Landmarks of Indian Hill is a collection of pen and ink drawings of the houses, barns, and other structures that preceded the great estate era. Jim Schwering's drawings are accompanied by Virginia White's historical commentary.

Schoolhouse Jigsaw puzzle is the perfect entertainment for a fun family evening!
